SECOND RIGHT OF REPLY OF THE INDONESIAN DELEGATION

15 AUGUST 1991

Mr. Chairman,

I beg your indulgence and through you that of the Sub-Commission to very briefly speak once again.

I would ~~simply~~ ark challenge the delegation of Portugal to prove its declared concern with the people of East Timor, - and I mean the real East Timorese people instead of just a handful of run-away desperados - , not by disturbing the work of the Sub-Commission with irrelevant points, but by demonstrating its good faith in seeking a real solution to the problem such as the efforts presently undertaken under the auspices of the UN Secretary General.

Thank you.
